## SUMMARY

A highly motivated and results-driven professional seeking to advance my career within an organization that offers opportunities to apply my skills, embrace challenges, and contribute to achieving organizational goals. Committed to continuous personal and professional growth, I strive to enhance my expertise and make meaningful contributions towards the company's success.

## EXPERIENCE

### Quality Specialist

Amazon

September 2024 - March 2025, Hyderabad, India

- Performed road and AOI mapping using OSM tools.
- Edited and validated HPR Road Network with correct refs, restrictions, and relations.
- Applied OSM tagging for lanes, highways, turn restrictions, and POIs.
- Used MapRoulette and QA tools for data validation and quality checks.
- Supported post-processing, labeling, and final map reviews.
- Created mapping workflows and documented SOPs for team processes.
- Ensured data met quality standards and contributed to process improvements.
- Worked extensively on OSM-based mapping and routing projects for global markets including the US, Mexico, Japan, GB, Spain, and Saudi Arabia.
- Identified and corrected mapping anomalies related to navigation, turn restrictions, POIs, road types, and tags.

### Procurement & Design Associate

Suntek Solar Energy Systems Pvt Ltd

December 2023 - August 2024, Hyderabad, India

- Designed solar power systems based on site surveys and energy needs.
- Created layout drawings using tools like AutoCAD / PVsyst / Helioscope .
- Coordinated with engineering teams to finalize system size and placement.
- Managed procurement of solar materials such as panels, inverters, and cables.
- Created and tracked purchase orders using ERP software.
- Maintained vendor and order details in CRM systems.
- Collected quotations, negotiated prices, and finalized vendor selections.
- Ensured timely material delivery and quality compliance with project specs.
- Maintained stock records, and prepared purchase reports.
- Collaborated with design and project teams to align procurement with project schedules.
