SUMMARY

Self-motivated to build career in an organization where I can get the opportunities to prove my abilities by accepting the challenges, fulfilling the organizational goal and climb the career ladder through continuous learning and commitment.

EXPERIENCE

Quality Specialist

Amazon   **March 2022 - Present, Hyderabad, India**

- Performed road and AOI mapping using OSM tools.
- Edited and validated HPR Road Network with correct refs, restrictions, and relations.
- Applied OSM tagging for lanes, highways, turn restrictions, and POIs.
- Used MapRoulette and QA tools for data validation and quality checks.
- Supported post-processing, labeling, and final map reviews.
- Trained team members on OSM editing and tagging conventions.
- Worked extensively on OSM-based mapping and routing projects for global markets including the US, Mexico, Japan, GB, Spain, and Saudi Arabia.
- Identified and corrected mapping anomalies related to navigation, turn restrictions, POIs, road types, and tags.

Trainee

SIEMENS Industry Software   **November 2019 - March 2020, Vijayawada, India**
